EXCLUSIONS

You are not covered for the following:

- components that were broken or had failed before the policy started,
- repairs that have not been authorised by us,
- any repairs if the odometer is not working or has been changed in any way or has been disconnected or replaced without our written approval,
- damage resulting from oil leaks or for oil leaks themselves,
- damage to drive shafts or steering racks as a result of damaged rubber boots,
- damage caused by incorrect fuels or lubricants, unreasonable use, improper servicing or malicious damage,
- damage caused by a road accident or any accidental damage,
- damage to vehicles that have been altered in any way from the manufacturer's specifications,
- any components that are not listed under **Components Covered** in your policy booklet,
- any components that are still covered by the manufacturer's or supplier's warranty at the time of the mechanical breakdown or electrical failure,
- damage to all electrical wiring, including damage as a result thereof,
- service items or items that need to be changed at specific or regular intervals such as oil, grease, filters, hydraulic fluid, additives and anti-freeze, spark plugs, "v" and cambelts, consumables and the like,
- costs or expenses that you can recover from your motor insurance policy.

You are also not covered for the following in regards to your vehicle's tyres and rims:

- damage where the tyre depth is less than 2mm on any part of the tyre surface and/or built in depth indicators have experienced wear,
- repairs that have not been authorised by us,
- any repairs if the odometer is not working or has been changed in any way or has been disconnected or replaced without our authority,
- damage to tyres or rims that have been altered in any way from the manufacturer's specifications,
- any components that are still covered by the manufacturer's or supplier's policy at the time of the failure,
- damage to the tyres or rims which are covered by any other insurance policy. In this instance, we will only pay our rateable proportion of any repair or damage,
- damages caused by fire, theft or road accident,
- resultant loss arising as a result of the damage of the covered tyres and rims, in the event of a valid claim.
- all losses other than losses arising as a result of malicious or accidental damage,
- damage that existed before the policy started,
- damages caused by improper fitting or mechanical defects on the vehicle,
- all vehicles used for off-road activities or deliveries,
- costs or expenses normally recoverable under a comprehensive insurance policy,
- where any tyre on the covered vehicle does not match the tread pattern or type of classification as the balance of the tyres on that same covered vehicle,
- damage to the motor vehicle or injury to any person,
- tyres that have uneven surface wear, such as flat spots as a result of severe breaking,
- if tyres have uneven wear due to alignment.
