EXCLUSIONS

You are not covered for the following:

- components that were broken or had failed before the policy started,
- repairs that have not been authorised by us,
- any repairs if the odometer is not working or has been changed in any way or has been disconnected or replaced without our written approval,
- damage resulting from oil leaks or for oil leaks themselves,
- damage to drive shafts or steering racks as a result of damaged rubber boots,
- damage caused by incorrect fuels or lubricants, unreasonable use, improper servicing or malicious damage,
- damage caused by a road accident or any accidental damage,
- damage to vehicles that have been altered in any way from the manufacturer's specifications,
- any components that are not listed under **Components Covered** in your policy booklet,
- any components that are still covered by the manufacturer's or supplier's warranty at the time of the mechanical breakdown or electrical failure,
- damage to all electrical wiring, including damage as a result thereof,
- service items or items that need to be changed at specific or regular intervals such as oil, grease, filters, hydraulic fluid, additives and anti-freeze, spark plugs, "v" and cambelts, consumables and the like,
- costs or expenses that you can recover from your motor insurance policy.
